

Narziyev Baxtiyor

Front-end developer

I am a frontend developer with 4 years of experience.
I can create web sites and web application from scratch.
I have experience with technologies such as HTML,
CSS, JavaScript, React, Next.js, Node.js and Typescript.
I can work effectively in a team with other programmers
and project managers to build applications of the highest
quality. I am able to make quick decision making and
time management to successfully complete
projects on time.

Experience

Liberty Code / UZIT Group / Parisa Home

Programmer and Designer

Photoshop, Adobe Illustrator, Corel Draw
Linux, JavaScript, HTML CSS, React
